BG Medical Bag

Containing the essential equipment to support the initial management of the adult or child who has an acute traumatic or medical injury. It is discreetly and ergonomically packaged, optimising its practicality and offering a logical progression through treatment pathways.

Providing the medical provider with an accessible equipment panel and removable pouches with clear plastic windows, the BG Medical Bag offers functionality and simplicity of use.

The bag can be supplied with or without equipment and can be tailored to suit the customer's specific needs and skill level.

The BG Medical Bag is designed to be carried on the person or discreetly located in any vehicle.
