Team Medic Bag

This competitively priced, compact and extremely well configured bag is designed to be carried as part of a vehicle's equipment as a contingency for medical and trauma management.

Designed to compliment the Prometheus Tactical Medical Support Courses, it contains a range of kit for initial medical management including equipment used for major trauma from road traffic collision to hostile attack.

The Team Medic Bag offers Private Security Companies, Military, Law Enforcement Agencies and anyone operating in a hostile environment with a medical capability in a crisis.

The bag can be supplied with or without equipment and can be tailored to suit the customer's specific needs and skill level.

The Team Medical Bag is designed to be carried on the person or discreetly located in any vehicle.
